This Report is not a guarantee, valuation or appraisal, and the laboratory providing this Report ("GIA") has made no representation or warranty regarding this Report, the diamond described herein or any inscription thereon. This Report contains only the characteristics of the diamond described herein after it has been graded, tested, examined, and analyzed (collectively, "examination" or "examined") and/or inscribed, using the techniques and equipment used by GIA at the time of the examination and/or inscription. The results of any other examination performed on the diamond may differ depending upon (i) when, how and by whom the diamond is examined and (ii) the changes and improvements in techniques and equipment that may have occurred which may enable an examiner to detect, among other things, the use of processes for altering the characteristics of a diamond which use was previously undetectable by GIA, or alterations which became reversible, even if the process remains undetectable. The trademark, service mark, logo, words, characters or other symbols of an inscription, other than a GIA Report number, or a GIA trademark, service mark or logo, are solely determined by and attributable to the Client for whom this Report was prepared and are neither attributable to nor to be understood as an indication of any determination by GIA.
